- ANTIQUE ACCENTS ● DEEP SEATING ● HYPER GREEN

# Hotel HOT LIST

The best places to plan your next escape to, whether you're up for long haul or something closer to home

## Amyth Super Paradise

### MYKONOS, GREECE

#### IN A SENTENCE

Opened last year, Amyth's second Mykonos hotel brings laid-back Greek style to the island's most happening beach.

#### DESIGN DOWNLOAD

Interior designer Yannis Panagopoulos took a more modern and minimal approach to the bohemian Greek aesthetic within classic Cycladic architecture — driftwood, bleached timber and natural grasses sit alongside contemporary furniture.

#### ON THE MENU

An elevated take on Mediterranean fare — a small but carefully curated menu (with, perhaps, the island's best Greek salad) that highlights the finest local produce, mixed with classic comfort food. The breakfast is a delight that will set you up for the day.

#### HOTEL HIGHLIGHT

Among the 50 rooms, suites with generously sized outdoor areas and infinity pools look over Mykonos' most sophisticated and exclusive beach resort, away (though not too far, if that's your thing) from the livelier beach club scene.
